ORANGE COUNTY AMATEUR RADIO CLUB

VOL. XXXV NO. 4

P.O. BOX 3454, TUSTIN, CA 92682

APRIL, 1994

The Prez Sez

By Chris KJ6ZH

Every now and then the good guys win one. Such is the case with the CLARA radio club going to court to win restraining orders on 3 "potty mouth hams" who have made it their pitiful life's work to harrass the decent operators on the 145.22 machine. CLARA is demonstrating that we don't have to take foul mouth abuse any more and that there are legal civil remedies that can be taken against these individuals even to the extent that at the very least, these perpatrators can be made to pay thousands of dollars in attorney fees and court costs. I say "Well Done!", hit these guys where it hurts (the pocket book) with the modern day version of the dreaded "Wouff Hong."

The April meeting promises to be a good one. We will be having a talk on Packet Radio, Packet Bulletin Board Systems, and Packet Networks. Jane is baking up more goodies for refreshments and one of the raffle prizes will be a clock for the shack which was featured in the January raffle.

Speaking of activities, Jane would like a little feedback from you the members as to what activities you would like to see organized this year. She says that she will be cooking on Field Day and promises to whip up something special.

The DX Convention in Visaila is the same week end as our meeting . I was planning to go but I figured that there many not be enough club officers to run

our meeting so I am planning to go next year. To those of you who are going, I wish a very good time.

Well, I look forward to seeing you at the next meeting and if you think about it, how about putting together an article for the next RF. I'm sure Cindy would appreciate it.

73 and see you on the bands!

Chris - KJ6ZH
President

NET NOTES

BY BOB EVANS, WB6IXN

3/2 15m phone net - W6ZE/AF6C checks in IXN & VDP. AF6C experiences an open momentarily in the rig, then all is well! IXN asks about "spring ahead" time, and VDP gets his 1st TVI problem in 1994! Larry also purchases a 2m/220 Kenwood 621 rig at the Swapmeet to install in the truck. And Larry tells Bob that Rolf hasn't brewed any 'Schnoppes' lately! And OPs wonder where NGO has wandered!? AF6C says IXN might not be too far off on land motion in So. CA. And Bob tells abt people using pool water to flush their toilets after the Northridge event!

3/2 2m phone net - W6ZE/IXN checks in ZH & TAM, RND, NG7D, RE, JSV, BWH, VDP, ESD, CGR, & DLA. TAM has nerve testing in her back muscles tomorrow. Then Jane will know if surgery is required to correct the injured back! ZH reminds OPs of the Club breakfast Sat. And Chris picks up a pair of 811s for the amplifier, which works great now! And Chris works FR5DX, an OP that sends few QSLs! RND misses last net over the all-absorbing Olympics! And John finds success in working his Connecticut friend on 40m! After a chat wid NG7D, John now uses the HF rig only to work the RS-12 satellite. NG7D gets NY state on the RS-12 tonite, garnering John abt 10 states toward the RS-12 WAS award. And John finds the QST chart for working the RS-12 satellite to be accurate within one minute! NG7D also gets a long distance QRP award from Ruwanda!! All this while studying for a commercial class license and building a QRP rig he designed! BWH finds replacing a computer fan saves replacing the pwr supply! And Bob airs an informative Newslines!! BWH says there are 52 members on the roster at present wid the Mar. deadline coming up..Dues are due, OPs! Wid politics turned sour in the Holy Lands, JSV & EZS are glad they cancelled their tour! Jim had surgery for a small cancer on his face last Mon. And QST farmers!...EZS wants to know if you've heard of 'Bib lettuce'? RE & VDP OK removal of Ralph's beam ant. to N7AZ's QTH to be put wid the rest of the Club

ants. And RE gets the inverted V ant., for 40 & 75m, bk up! And Alex says W1AW on 18 MHz is 'down the tubes'!...RE suspects terminal troubles! VDP is awaiting the arrival of a manual for the Kenwood 621, as Larry entertains visitors from the south tip of England. And VDP says the CA. 6m Club will sponsor a VHF/UHF Conference at the Cerritos Sheraton on April 29, 30, and May 1! Wid dancing on Tues., Thurs. & Fri., ESD still manages to move a tribander to the center of his roof. And Bob works AP2JZB in Karachi, long pass, 20m SSB, on Monday! CGR & IXN both like the 20m band. Mike is being bitten by the DX bug, & wants to upgrade soon! And CGR will be off to a Red Cross class come Sat. IXN tells DLA that Kenwood & 'Barbie Doll' people have one philosophy in common: All accessories sold separately!! DLA installs a 220 module in the Kwood TM-741 in the auto. And Bruce plans to attend the Club Bfast Sat.

3/3 40m CW net - W6ZE/RND checks in IXN & NT. IXN tells OPs that Crystal seismometer has been vy active all day! Too many things going on at once at the QTH kept Ray from checking into net last week! RND is having gud luck working the RS-12 satellite. And NT gets sum nice cards from the QSL Bureau, 97 of them in fact!!

3/9 15m phone net - W6ZE/AF6C checks in VDP, NGO, NG7D, & IXN. IXN, watching TV, arrives late on the net. NGO describes his one-wheel tractor which makes it neat to use between rows in the garden. Kei is off to listen to F. Sinatra. NG7D tries out a new 4-watt QRP rig wid IXN before net. And John describes the piezo-electric speaker unit that replaces the speaker! IXN misses VDP's comments & Larry checks out to get ready for the 2m net. AF6C asks IXN abt a 3+ mag. EQ that caused sum damage. IXN will check it out on net next Mon.

3/9 2m phone net - W6ZE/IXN checks in BPX, HHC, NG7D, RND, BWH, JSV, RE, VDP, QW, TL, PKW, ESD, ZH & TAM, & OWD. BPX enjoys the 3/8" of rain on Mon., & Wyatt stays indoors during the cloudy, rainy WX. HHC attends a Convention at a Colo. ski lodge 2 wks ago. How Ken loves these 'working vacations'! Now HHC & fam. are off to Las Vegas this weekend wid a 741 & new ant. system in the van, & 1.2 GHz to play wid on the side! Not to be outdone, NG7D & fam. will be off to Vegas in a few

days, too! John puts the 'Lil Whipper-snapper' QRP rig in a cassette box. This may be the 1st see-thru rig! And John also gets his WAContinents Award. RND, never getting more than a 5 or 6 for sig strength, continues RS-12 chasing. John has 24 contacts in 10 states. BWH has a nice visit w/ Al, WOPKW, from DesMoine, & has Al check in on the net tonite! And Bob airs Newline. We learn that Bill Pasternak is looking for a lost friend, Marty Schiff, K2TRU! JSV finishes up the income tax, & IXN asks Jim if he has the Club Seal. JSV will bring it to meeting. Jim also gets the bandages removed from recent face surgery, and voila!..No more cancer!! AZ removes the tower from RE's QTH. Now its mowing & weeding time for Alex! RE gets the 40 & 75m ant up & working for the MARS freqs., but w/ a bad RTTY monitor, no ARRL bulletin! VDP repairs a 'hard-to-get-to' terminal on the pwr supply, and Larry gets caught in Monday's rain picking up the harmonic at school! VDP & QW will attend the Fontana Swap Meet this Sat. QW gets QSLs straightened away for the 5-band WAS Award. And Rolf's 81 yr old mom is bk now bk home in Germany. Rolf picks up a larger van for the business, and VDP already marks it for FD use! TL announces that VE, Anita, AB6QQ, will hold a walk-in VE session, all elements, on Mar. 26, at 4:00 pm local time, at the Anaheim EOC. And Bob builds a Digital Signal Processor kit that works FB! Al, WOPKW, visiting in Anaheim, tells OPs that DesMoine hams are launching & tracking hot-air balloons. They plan to launch a 2m ATV unit soon. Al has been a ham since 1938, and now has an ICOM 737 plus an ICOM 229H at his disposal! ESD attends a QCWA luncheon meeting, gets a QSL card from Mellish Reef (VK9MM), making 322 countries confirmed. And Bob dancingly awaits a QSL from Peter One Island! ZH says that surgery is off for the present on TAM's back. Jane's doctors will have to have another pow-wow around the campfire before any final decisions. With a different medication & 2 more weeks of vacation, Jane awaits the decision! Chris worked the ARRL DX Contest last wkend on 80m. Now Chris has 70 countries on 80m! Computers! Computers!..Now ZH says the mouse won't work! OWD develops RS-12 fever! Tim has 8 states confirmed toward a RS-12 WAS! OWD is working on a computer tracking program for the RS-12!

3/10 40m CW net - W6ZE/RND checks in IXN & NT. RND mentions high amt of aftershocks from the Northridge E.Q. IXN tells OPs that the aftershocks are moving closer to the surface. NT tells us that the livestock don't mind the E.Q.s as much as they do thunder & lightning! RND & NT discuss ARRL pins. IXN 73s for another net.

3/16 15m phone net - W6ZE/AF6C checks in NGO, IXN, & VDP. AF6C will have been in the Club 25 yrs. this FD. IXN became a Club member in 1963. And Kei, NGO, was a pre-World War II member!! AF6C will tackle the switches in the rig w/ sum expensive contact cleaner. And NGO tackles a Clinton gas engine that hasn't run for 20 yrs! IXN discusses Chiapas/Guatemala & New York state quakes w/ W6ZE. And VDP, plagued w/ high QRN, tells OPs that last Sat.'s Fontana Swap Meet was cancelled due to high winds!

3/16 2m Phone net - W6ZE/IXN checks in BPX, OPI, ZH & TAM, RE, BWH, VDP, ZPT, AF6C, CGR, BVF, ULU, ESD, & QW. BPX waits for the rain that isn't coming! Much walking today wears out Wyatt's left leg! And BPX will have a bumper crop of avocados that he doesn't know what to do with! OPI tells OPs that 2 RC Service Centers remain open from the Northridge event. And Cindy says RF should be in our homes before Meeting Fri.! ZE catches BWH at the antenna, outside, w/ the HT. We discover that Bob tears the computer apart to install a new hard drive and a new fan (air conditioning!) Then BWH airs an interesting Newline! TAM still nurses an ailing back, while ZH builds a new 2m 'Big Wheel' antenna, horizontally polarized & omni-directional! OPs await the outcome of trials w/ this one! TAM gets gud prizes for the raffle & smells up the QTH w/ odors of goodies for Fri. Meeting! RE says AZ removed the tower from the back yard. Now, who picks up the beam?..That is the question! Alex adds a 20m segment to the 40-80m dipole to improve reception of ARRL bulletins. From an ARRL bulletin, Alex tells OPs that telephone mfgs. CAN make interference-free telephones! VDP has horrendous noise level on 15m tonite..an S7! AF6C gets exciting call from his sister in Boston..Seems that she had dinner w/ Pres. Clinton!! CGR won't make Fri. Meeting!..We'll miss the eyeballs, Mike! ULU pours a 12 sq. ft. cement pad upon which he will install a 10x9 storage shed this weekend. Then Lloyd will tackle emptying out the garage! And Lloyd's XYL has the flu! ESD tears out philodendron today, tangle roots & all! Bob also enjoys a St. Patty Day dance at the Phoenix Club in Anaheim, and he & QW

Net Notes Cont.

discussa baking bread (German style), which continues long after net! QW has only 68 counties left wid over 3000 counties logged! Too bad Rolf can't send fumes of baking bread over the air!..He'd pick those counties up quickly!!

3/17 40m CW net - RND was nowhere to be found! IXN, NG7D, & NT hve a go-around. NG7D gets bk frm Vegas. IXN hears Ray amidst the QRM. IXN changes freq., NT follows, and Bob picks up Ray after IXN sends CQ. NG7D joins the group too. We break up when Ray gets a dinner call, & IXN goes to another net.

3/23 15m phone net - W6ZE/AF6C checks in RND, NGO, & IXN. RND has great success wid a little CW on 15 & 20m this afternoon! And John does 6 gis in 5 days! AF6C's 'in & out' rig performs as usual!..Bob will attack the problem soon! And don't forget to ask Bob abt the Tijuana jail! NGO gets the small tractor together, and it starts up on the 1st try!..Now fer the clutch! Kei picks up an OP frm 'across the puddle' this afternoon. Now it's off fer a scoop of ice cream! RND & IXN talk abt the 5.5 quake in the ocean off Ensenada.

3/23 2m phone net - W6ZE/IXN checks in AF6C, ESD, NG7D, BPX, ZH & TAM, RE, RND, VDP, BWH, QW, & CGR. BPX gets 1 to 2" of rain in GG last Sat. Wyatt awaits tomorrow's storm in anticipation of more!..He'll catch up on the magazine reading! AF6C still hopes to replace a bad relay in the low-band rig. Bob played hooky frm work today wid a sinus infection. Bob expects tomorrow's rain to wash the car! And wid a new 15 cu. ft. freezer in the QTH, Bob expects to send the veteran to Goodwill! IXN's aunt passes away, so the family is off to a funeral on Friday. "No news is gud news", says BWH just before airing an interesting Newslne, then moving on to a traffic net! ESD, finding DX skimpy this week, moves into the garden to plant sum pole beans. Bob also has the 'AF6C sinus infection'! NG7D & family were over in 'Lost Wages', Nev., last week gamblin' and site-seein'! They toured the MGM & Circus-Circus...John didn't get lost amongst the dinosaurs!! John gets a confirmation letter frm Hambrew mag. concerning receipt of his article on the new homebrew QRP rig. The article shud be

published soon! And John works a vy noisy Indiana on the RS-12 satellite! Hurray! TAM's back is better!..The knife is out! ZH gets the 'big wheel' 2m ant. up & works the 2m SSB net on 144.240. A QSL frm UA1AP will allow Chris to apply fer the Worked All Zones award. Wid the 80m DX contest this weekend, ZH will try to pick up sum new countries! Chris alerts OPs to an ant. article in 73 Mag. fer 160m, up 15 ft., 57 ft. length, triangle shape. When it rains, RE cuts grass! It will cost Alex 900 bucks to replace a section of tornado-damaged fence! And RE spot-reads a 3/18 ARRL bulletin that describes the upcoming STS-59 flight, sched. fer 4/7 launch. RND gets lats. & longs. frm several OPs to use in a satellite tracking program. John now has 27 contacts in 11 states working the RS-12. And John discusses a different ant. fer the RS-12 up/dwn link, wid VDP. VDP gets over his sinus infection, & Larry tells RND to check wid Cubex Co. fer ants. fer the RS-12. VDP puts new pilot light bulbs in the 220 rig. QW checks into net wid the wrong mike and is greeted wid silence! (IXN does this all the time!!) Rolf gets 3 new counties..only 64 to go now!! Remodeling the whole building at work is cutting into Rolf's hamming time! Rolf & XYL will soon venture off to Spokane to visit the daughter & the new house! CGR hears IXN on 147.705, the Public Seismic Network freq. IXN tells Mike about the numbers passes on this freq. for those who try to find anomalies in the data related to earthquakes.

3/24 40m CW net - W6ZE/RND checks in IXN. RND & XYL eat dinner wid a rosy fire in the fireplace & the rain pelting dwn on the roof! NT & NG7D are nowhere to be found. 40m is wide open tonite, & IXN & RND enjoy a nice chat wid no QRM. IXN prepares fer an aunt's funeral tomorrow, & 73's fer the 'Code is a Joke' net. And W6ZE retreats to a seat in front of the fire!

3/30 15m phone net - W6ZE/AF6C checks in RND & IXN. Doctors isolate a virus in RND's lungs, & John has felt 'better than ever' fer the last two days! John continues working the RS-12 satellite and prepares to attend the Dayton Hamvention! AF6C's dad has a small stroke, and all hope he recover quickly! Then Bob rushes off to a leaking toilet tank! IXN & RND finish net wid a conversation abt satellite tracking software, computers & disk drives.

3/30 2m phone net - W6ZE/IXN checks in BPX, OPI, NG7D, CGR, ZH & TAM, AF6C, RE, RND, VDP, QW, BWH, ESD, & XTJ/m. BPX enjoys last rain catching up on sum reading and exercising, and farmer Blanche will

soon be planting sum future produce in the garden! Blanche & Wyatt & daughter will fly off to Vegas on April 9 to attend a wedding. OPI goes to Riverside w/ the Red Cross last weekend and Cindy is attacked by her allergies! OPI hopes for a 'better voice' by next net! NG7D studies for the 1st Class radio license, stays neck & neck w/ RND working states thru the RS-12 satellite, and checks up on a new QRP rig that will give Ten-Tec sum competition at 1/2 the price! BWH, winning a log book at last Club raffle, finds that it comes in v/ handy for keeping track of NTS traffic! And Bob airs an interesting Newline! And, Newline cud use sum donations from ham organization listeners!! ZH laments the sparse DX on 80m lately, and Chris contemplates working the new 8027 satellite on packet. ZH says we can work the satellite w/ a handheld!..145.850 + or- 3KHz doppler, uplink, and 436.800 + or- 10KHz doppler, downlink! And 'el Presidente' says 'Don't forget Club breakfast Sat!' TAM putters arnd in the background w/ a far-away comment now & then! (Jane, Jane! Where are you?!) AF6C gets back from the toilet tank plumbing problem & tells OPs abt the cricket in the 'frig' thicket! Seems Bob can't flush out an errant cricket from the frig 'turkey-works'! OPs jump on that w/ all kinds of solutions...IXN says try a 'cricket motel'...AF6C did, but cricket refuses lodgings there...ZH suggests blowing it out w/ the sweeper attachments...ESD says let it alone. Bob's cricket population moved out a long time ago on its own! RE watches the NCAA Play-offs, measures 10" of rain for the year-to-date, and tells OPs he likes the HAL ST-6 interface for the teletype. Alex monitors ARRL OBs on 20m, from which he tells OPs that Pratis Ia., DV9, has been removed from the DXCC list. RND looks for a 3 1/2" disk drive for the computer. And John looks for a compact beam (HF-5B) for RS-12 satellite work. John has racked up 30 QSOs and 13 states via RS-12 to date! VDP suggests RND check out Moseley or Cushcraft for ant. prices before he makes the leap! KD6NSC, Paul, La Habra, checks into net. Paul has a TH 315A Kenwood HT for 220, w/ charger, for sale for \$195. If interested, call Paul at 310-690-9878, and ask for Paul! A CD ROM in the 286 or the 486?...That is the question, says QW! Rolf attends the Computer Swapmeet in SA., and meets ZH & TAM there, too! QW has to update his ham file info., and Rolf gets 4 new

Canadian prefixes, and talks w/ RND abt a 3 1/2" disk drive. ESD catches up on the yard work, plants sum beans, tomato plants, & peppers, and plans to attack the termites eating him out of house & home! Bob says his house still stands becuz the termites all hve their hands linked together...Hml..Interesting idea! XTJ plans to attend the Club Bfast Sat. And Jim first checks into net mobile. Jim works us from a vertical ant & gets 'arm chair copy' sig. rpt. from W6ZE! KE & XTJ plan sum 9600 baud packet satellite work in the near future! CGR checks in sick, so Mike 73s till he feels better!

3/31 40m CW net - W6ZE/RND checks in NG7D, IXN, & NT. NG7D struggles w/ the questions in the 1st Class exam. NT gives all OPs gud sig reports! RND will hve a new 3 1/2" disk drive installed in the 8088 computer tomorrow. And IXN & NT play plumbers in their spare time! IXN wonders if NT can find the animals in the high grass after the Spring rains!
